FOR IMMEDIATE RELEASE  
Date: 10<sup>th</sup> November 2017

**Four New Decathlon Handovers  
Brighton, Uxbridge, High Wycombe, Staples Corner**

Alliance has completed the Mechanical installation for four more Decathlon stores between the end of September and early November. Decathlon is Europe’s biggest sports retailer and these new stores help realise their aim of ‘making sport accessible for the many’.

The first of this quarter’s handovers was Brighton, North Street on the 25<sup>th</sup> September. This store is over three floors and has an internal plantroom. Next to handover on the 9<sup>th</sup> October at Uxbridge’s Intu shopping centre, formed from the ground floor of the former BHS unit, required its own dedicated smoke ventilation system designed and installed by Alliance. Following that the High Wycombe store, with two floors within the Eden Shopping Centre, handed over to staff with training on 6<sup>th</sup> November. And lastly Staples Corner Retail Park, completed on the 10<sup>th</sup> November. All handovers with staff training include Alliance’s excellent ‘iCard’ (information card) providing at-a-glance instructions on the basic functionality of the equipment.

Alliance (Alliance Technical Building Services Ltd) is a Midlands based Building Services contractor offering Mechanical & Electrical consultancy & design services, installation, and aftercare on commercial, health, and education projects throughout the UK.
