FOR IMMEDIATE RELEASE
Date: 05th April 2018

Two New Lidl Stores Open for March Leeds-Garforth & Hornchurch

Lidl Leeds-Garforth

A brace of Lidl stores has been completed for opening this March by Alliance Technical Building Services Limited providing the complete mechanical & electrical design & build package. Lidl Leeds-Garforth, a developer-led project on the new East Side Retail Park, opened to the public on the 29rd March. Alliance is continuing works on this site in

other areas of the retail park. Hornchurch, on the site of the old Towers Cinema, opened its doors on the 15th March. Both were straightforward for Alliance's mechanical & electrical teams which have years of experience with such projects to various specifications.

The next Lidl handovers for Alliance this spring include two fast-track projects - a new store fit-out in Wymondham and a full store refurbishment in Barking, plus a Metropolitan specification store-on-stilts (with undercroft car park) at Harold Hill in N. E London.

Lidl Hornchurch

Alliance (Alliance Technical Building Services Ltd) is a Midlands based Building Services contractor offering Mechanical & Electrical consultancy & design services, installation, and aftercare on commercial, retail, health, and accommodation projects throughout the UK.
